

FlexMag Mini Urethane

VSN240-EPX-MINI

Use only outdoors or in a well-ventilated area. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. In case of inadequate ventilation wear respiratory protection. The type of respiratory protection selected must comply with the requirements set forth in OSHA's Respiratory Protection Standard (29 CFR 1910.134) or regional standards. For additional details, see Section 8 of the SDS. Contaminated work clothing must not be allowed out of the workplace. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe dust/fume/gas/mist/vapors/spray. Do not eat, drink or smoke when using this product. Avoid release to the environment (if this is not the intended use). IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. If experiencing respiratory symptoms: Call a doctor or emergency medical facility (i.e. 911). If skin irritation or rash occurs: Get medical advice/attention. Get medical attention if you feel unwell. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Specific treatment (see First Aid section of SDS). Collect Spillage. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/ container in accordance with federal, state and local environmental control laws. Other Hazards: Contains Diphenylmethane Diisocyanate Warning! Vapor, spray mist, and thermal decomposition products are harmful. Can cause eye, skin or respiratory tract irritation. Can cause allergic respiratory or skin reaction. Can react with water or other substances to produce pressure in closed container. Avoid breathing vapor or mist. Use adequate ventilation to keep airborne isocyanate level below TLV pf 0.02 PPM (0.02 cubic meter). Wear respiratory protection if material is heated, sprayed, used in confined space or if the TLV is exceeded. Consult SDS for details. Avoid contact with eyes, skin, and clothing. Wear appropriate eye and skin protection. Wash thoroughly after handling. Do not breathe smoke and gases created by overheating or burning this material. Decomposition products can be highly toxic and irritating. Do not reseal container if contamination is suspected.
